

Who is VEI Solutions?

VEI Solutions is a family-owned glass and metal subcontractor whose roots go back decades. We are signatory with the International Iron Workers Union, meaning VEI Solutions can work with any affiliated iron workers union in the U.S. or Canada. As a nationally certified MBE/DBE, VEI Solutions can partner with larger, first-tier contractors to help meet strict diversity compliance goals in addition to pursuing first tier opportunities directly with GCs.

At VEI Solutions, our management team is committed to delivering quality results on time to ensure the success of every installation we perform. As a family-owned business with deeply-rooted values, VEI has a unique focus on building true relationships and taking pride in the work we do. While the values of the “handshake era” hold true for VEI today, we are also highly focused on the innovation and technology of tomorrow. Strong relationships and pride in our output are coupled with high efficiency and strong attention to detail.

Performance Capabilities

- Fire-rated Frames & Systems
- Storefronts
- Curtain Wall
- Glass & Metal Panels
- Unitized Panels
- Exterior & Interior Enclosures
- Miscellaneous Metals
- Window Wall

Success Factors

VENDORS
on time + efficient

When it comes to vendors, our goal is simple: to consistently deliver on reliability, transparency, and efficiency. This means we promise to pay on time, every time, while working together to ensure quality and beautiful results.

CONTRACTORS
true partners

We work hard to build trust with our contractors so that those relationships develop into true partnerships. We get the job done within their processes and are never the kink in the chain that holds back a project.

EMPLOYEES
badge of honor

When you're proud of your output, you're proud of what you do for a living. Our employees wear the MBE status as a badge of honor and can rely on us to treat them with the same respect as those we partner with on-site.

Estimator

Reporting to Pre-Construction Manager
Job Type, Full Time

Position Overview

VEI Solutions is looking to hire an Estimator to join our current Estimating Team. The ideal applicant will be a natural self-starter with the ability to handle numerous projects, prioritize workloads, and work with minimal supervision. Candidate will be comfortable estimating various ornamental glass & metal projects involving Vei Solutions' services.

Estimators are considered essential members of Vei's sales team making customer focus a priority. The estimator will be engaging members of a customer's team early in the life of a project, and will be expected to set the tone for a positive experience with Vei Solutions. To ensure a successful project, the estimator will be expected to effectively transition an awarded project to the project management team with all essential information and support.

The Estimator will report to Vei's Pre-Construction Manager. The applicant will work directly with Business Development to create, discover, and qualify new business opportunities and relationships.

Required Education & Experience

- College Degree (preferred)
- Math, geometry, and configuration skills.
- Effective communication, negotiation, problem solving, and relationship skills.
- Understands cost, overhead, and profit.
- Strong time management skills.
